

## Nilfisk Advance Sweeper

Nilfisk Advance Sweeper - Imagine how long and tedious it would actually be to clean-up right after a party, without assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the best cleaning products back then.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the company in 1906, he began to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the beginning was to own an international company selling goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by a single person since it only weighed 17.5 kilos! This invention came in a time where other cleaning equipment were massive and required at least 4 operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing dilemma; things get filthy and have to be cleaned regularly, without too much effort.

Slowly, the business Nilfisk-Advance developed all through the years. During the the early part of the nineteen eighties the company expanded fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aiming to be an active global player in making professional cleaning machines. Nilfisk-Advance is presently represented in every part of the world due to steadily obtaining a lot of small companies to be able to develop their product selection and presence in new markets. They are really proud to present different cleaning solutions to suit each requirement.
